Welcome!

- To maintain good parent teacher communication, we have implemented ProCare Connect, a photo and communication app.
- If you are not already registered, you will receive an email invite on the first day of your child's 1st week of summer enrichment.

Water & Snack

Water Bottle Guidelines

- Send a full water bottle daily- water only please
- Label your child's water bottle
- The container must have a closable spout
- Teachers will re-fill the water bottle when empty with the schools' filtered water.
- Children will have access to their water bottles all day at the class water station
- Please do not send other liquids in their water bottle (MiraLAX or milk).

Snack

- All snacks should be in a labeled container with your child's name

- If you send in a nut alternative like Wow Butter or Soy Butter or anything that looks like peanut butter, please label what it is.
- Snacks and water bottles are not refrigerated. Please use an ice pack as needed.

Physicals & Wellness

School Physicals

- All children are required to have an up to date physical to attend school. Physicals are good for one year.
- If your child's physical is expired, please send in the most recent physical with a note including the name/address and phone of your child's doctor and the date for when your child's next physical is scheduled. You can continue to attend until the scheduled day.
- Please note physical forms must include the date of your child's last physical, all immunizations received, lead test results, and clearance to participate in school activities. You can ask your pediatrician for a "School/Camp Physical Form".

Wellness Policy

- Lilliput asks parents not to send sick children to school
- If children have any of the symptoms of illness they should stay home until they are well.
- Each student's wellness is the key to classroom wellness. We ask you to remember that your child's health has the potential to affect other students and their families.
- The next page will have a graphic of our wellness policy and can help guide parents as to when children should be kept home from school.

Medication/ Allergies

- If your child requires medication while at school (Inhaler, Epi pen, Benadryl or temporary medication) please contact the office for the required forms.
 - A doctors' order, individualized health care plan, (IHCP) or allergy action plan, and medication log are required to be on file
 - Medications need to be in the original container with prescriptions attached if applicable.
- If your child has an allergy or asthma, please be sure to notify your child's teacher and the office before the first day of school.
- Red Bags: each class has a red emergency bag that goes everywhere they do. This bag stores a mini first aid kit, student medication and hand sanitizer. If your child requires medication while at school, it will go everywhere they go.

Sneakers and Sandals

- **Sandals/open toe shoes are not permitted on our playground.**
- Please send your child in shoes and socks daily
- We want your child to run and jump and play without restriction
- Children who wear sandals or open toe shoes have more foot injuries and move less on the playground due to their restrictive footwear.
- Our playground (preschool and up) uses bark mulch in it's fall zone area. It is not fun getting wood chips between your toes or under your feet.

Help Your Child Have A Fun Day At Summer Enrichment!

- Ensure a reasonable bedtime (most children need 12 hours of sleep)
- Arrive to school on time everyday:
 - This will help with the morning drop off transition
 - This will ensure your child does not miss important information for the day presented at morning circle.
- Send a healthy snack and **full** water bottle
- Help your child gain independence and take on responsibility in the morning routine.
- See our Ready for School tab on our web page for more information.

Encourage Independence

- Have your child practice:
 - Responding to her/his first and last name.
 - Getting dressed and putting on a coat
 - Blowing her/his nose and covering a cough/sneeze (elbow please)
 - Using the bathroom independently (including wiping and washing hands)
 - Eating independently and in a timely manner,
 - Staying seated while eating at the table without a tablet or TV
- **Rather than doing tasks for your child start by helping them, then talking them through it.**

Let's
Have a
Fun
Summer!
